Major and Mrs. Burlbach drove through to Minnesota last fall from Texas, and have been passing the winter there with his parents.

Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauced-up" tobaccos for the fellow that likes nut sundaes better than home made pie—

So says a friend of ours named Velvet Joe. And he just about hits the nail on the head.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheads. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is good tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

The deal was closed through Real Estate Agent John Q. Burnett. Mr. Strohm secured a splendid bargain as it is very likely the house alone would cost close to that amount to build at present prices on lumber and labor. The location is among the best in town and the place is a very desirable one.

"SUCH HANDSOME PRINT."

It Brought Us a Nice Order from Charleston, S. C. Recently.

The work turned out at this office in the line of job printing frequently commands attention, but it is not often that it brings us business as far away as Charleston, S. C., but that actually happened a few days ago. The following letter was handed us recently:

Charleston, S. C., Feb. 7, 1920.
Mr. Newton D. Walker, General Manager, Southern States Lime Corporation, Crab Orchard, Tennessee.

Dear Mr. Walker:
Will you kindly get me a quotation on 5,000 each bill heads, original and duplicate as per the enclosed sample. We want this punched and padded as I always send them to you.

I note that your daily report has such handsome printing that I would like to have you get this information for me on the bill heads. Kindly let me have this quotation as soon as you can. And oblige. You can explain fully how we want them padded and punched.

Yours very truly,
Southern States Lime Corporation,
Per E. M. Jamison.

We sent the quotation requested and our price was promptly accepted.

There is a pointer in this that others throughout this section of the country could profitably use, provided, however, they have good printing done on good paper. If that is of no importance, this letter is of little interest.
